

4. The Old Testament in the Eschatological portions of the New Testament:

- a. The book of Jude
- b. 2 Peter
- c. The Pastoral notes
- d. The Lord's Discourses

I am not minimizing these..it is just to go into greater detail is beyond our time expectations.

5. Conclusion:

- a. The imagery in both of these New Testament literature selections requires the Old Testament.
- b. The illustrative data and fulfillment concepts of the Old Testament help us understand how other ideas are put together..or should at least.
